

## CIGNA Transition-of-Care

Dental transition-of-care needs differ for each individual. For that reason, CIGNA does not use a *Transition-of-Care* form, rather, they prefer you contact their member services center at 1-800-367-1037, to discuss your individual transition-of-care needs.

Services that may require dental transition of care include:

- Crowns
- Bridges
- Dentures
- Partial Dentures
- Root Canals
- Orthodontia
